1. Eligibility

1.1 Participation is open only to individuals with an active JargonQuest Telegram Bot Game account ("Active Status").

1.2 Participants must use their personal referral link and unique hash code to connect to the Pool.

1.3 Individuals without an Active Status Bot Game account are not eligible to participate.

1.4 Participants must comply with all applicable laws and regulations in their jurisdiction.

2. Assets and Participation

2.1 Social Points – Earned for free via the JargonQuest Telegram Bot Game or purchased through the Social Points Shop in the JargonQuest Bot Game. Social Points determine your participation capacity (e.g., 5,000 Social Points allow a maximum holding of 5,000 JQ). An equivalent number of Social Points must be frozen in the Telegram bot during participation.

2.2 JQ Tokens – Earned for free via the JargonQuest Telegram Bot Game or purchased on a decentralized exchange (DEX). JQ Tokens are not available for purchase through the Social Points Shop. They are the primary asset used for participation.

2.3 The minimum participation amount is more than 5,000 JQ per transaction, subject to Social Points limits. Multiple deposits are permitted if Social Points capacity allows.

2.4 The maximum participation limit per transaction begins at 5,000 JQ and is reduced by half each quarter (e.g., 5,000 → 2,500 → 1,250 JQ), with an overall Pool cap of 1 billion JQ.

2.5 To participate, users must:

- Connect a BSC-compatible wallet (e.g., MetaMask, Trust Wallet).

- Link their Telegram Bot Game ID or access via JargonQuest.com.

- Deposit within Social Points limits.

- Pay a $100 Smart Contract participation fee per transaction.

3. Fees

3.1 Smart Contract Participation Fee: $100 in BNB per transaction.

3.2 28-Day Recurring Fee: $2 in BNB, payable between days 21 and 28 of each 28-day cycle, starting from the Pool launch date (August 13, 2025, 14:00 UTC). Non-payment will result in deposit closure. Deadlines are displayed on the user dashboard.

3.3 Claiming Fee: A percentage fee deducted from rewards upon claiming.

3.4 Failure to pay the 28-day fee within the specified period will close the user's deposits. To resume participation, a new deposit will be required.

4. Rewards

4.1 Rewards are distributed weekly based on each participant's deposited JQ share relative to the total Pool deposits and available BNB.

4.2 The reward claim cycle is fixed at 7 days from the Pool launch date, regardless of an individual's deposit date. The first claim will be available 7 days after launch.

4.3 An adjustable percentage fee will be deducted from rewards at the time of claiming.

4.4 All rewards are secured within the smart contract. Neither JargonQuest nor its team can access or withdraw user rewards.

5. Pool Growth and Management

5.1 The Pool grows through:

- $100 Smart Contract Participation Fees
- $2 recurring 28-day fees
- Claiming fees

Additional BNB injected by the JargonQuest team

5.2 Revenue from the upcoming leaderboard gaming platform and Social Points Shop will contribute to the Pool, increasing growth and potential rewards.

5.3 If the BNB balance in the Pool is depleted, reward distribution will pause until replenishment occurs through fees or team contributions.

6. Withdrawals

6.1 Participants may withdraw their deposits at any time, forfeiting any unclaimed rewards for the current cycle.

6.2 There is no mandatory minimum participation period; however, the 28-day fee must be paid to maintain active status in the Pool.

7. Launch and Access

7.1 The Pool launches on August 13, 2025, at 14:00 UTC and will be accessible via JargonQuest.com.
